Dear Parents

Re: Ramadan Gift of Food

During Ramadan, we remind the children that it is especially important to be kind to others and one of the ways is through charitable donations. We would like to help Bradford Central Foodbank, as they urgently need support. They are running very low on halal foods especially rice, pulses, lentils, tinned tomatoes, UHT milk, soup and juice.

Bradford Central Foodbank performs a vital service for our school community. In March, they fed 1532 people and helped families on free school meals over the Easter holidays by giving them a food parcel to get through. In total 728 people, including 448 children benefited from their help.

At Dixons Manningham, we are very proud to serve such a generous community and we know that if you are able, you will join the staff in donating what you can to help such a good cause.

Please send any donations of food you can spare to school with your child over the next two weeks of Ramadan and we will deliver it to the foodbank for distribution.

Please contact me in school if you would like any further information.

With kind regards

Kate Hussain
Vice Principal
