Dear Families,

Re: Year 4 Trip to Water Treatment Works

At Dixons Manningham we are committed to providing our pupils with rich learning experiences outside the classroom because they are powerful in promoting a love of learning in pupils.

As part of our science topic about Changing States: *solids, liquids and gases and the water cycle*, we have arranged for Year 4 pupils to take part in a half day workshop at the Education Centre at Headingley Water Treatment Works on **Tuesday 13 November**.

Japan will visit from 9.45am to 11.45am, leaving school at 9.00am.

UAE will visit from 12.45 to 2.45pm, leaving school at 12.00.

We will be traveling by minibus. There is no charge for this visit.

Please provide your child with a packed lunch. Pupils who go home for dinner will need to remain in school for lunch and bring a packed lunch. Please do not send any glass bottles, fizzy drinks, sweets or spending money with your child. Packed lunches will be provided for children in receipt of free school meals.

Please ensure your child wears a coat and sensible shoes.

Thank you for your ongoing support of these educational trips and please do speak to your child's teacher if you have any questions regarding this trip.

With kind regards

Mrs Haider, Mrs Ghafoor, Mrs Blake and Mrs Hussain
