Dear Families

Re: UNICEF Fundraising Appeal

At Dixons Manningham, we are committed to ensuring our students recognise and develop the responsibility they have to help others in need. This value of Unity and charity work are important in developing responsible members of our community.

You will be aware that there is an emerging humanitarian crisis in Afghanistan. We are working with UNICEF to raise funds for orphans who are without the safety and security of their parents because of recent events in the country.

From Monday 15 November, we will be collecting any spare change you have in UNICEF official collection boxes at each of our school gates at the start and end of the school day. Please donate whatever you can.

Students will organise the fundraising, collect the funds and return them to UNICEF, learning about the process. We will be working with students this term on this theme through our assemblies.

Thank you in advance for your generosity. We are very proud to be working with such a generous community.

Please contact me in school if you would like any additional information.

With kind regards

Kate Hussain  
Vice Principal
